

4K over IP Video, Audio, & POE

The Just Add Power 3G Point-to-Point Transmitter utilizes a single power input to distribute video, audio, and Power over Ethernet to all downstream devices over Cat5e.

Combine with any model of Just Add Power Receiver to create a simple point-to-point connection, or with Daisy-Chain Receivers (509POE) to distribute video, audio, and POE to up to four screens.

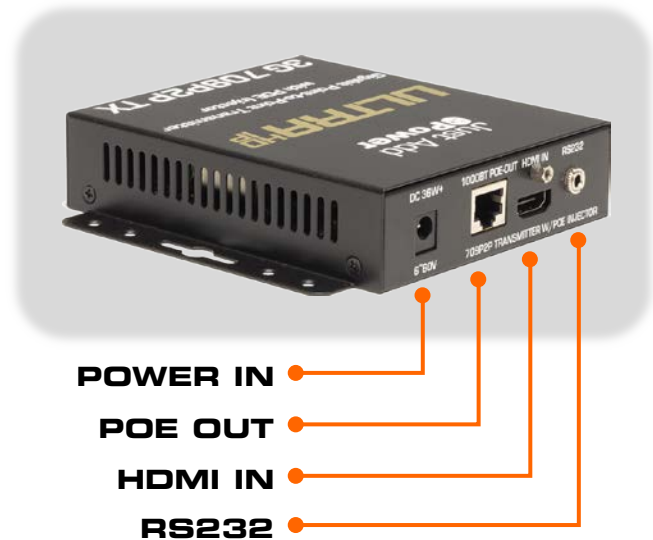

Ideal for single-source 2x2 video wall installations.

Build a future-proof 4K infrastructure. Just Add Power UltraHD over IP integrates seamlessly with 1080p infrastructure! Add 4K to current 1080p systems, or build a new 4K system.
